Standard Terms and Conditions

Shipping

All shipments, unless specified otherwise, are F.O.B. stock location. Most orders are shipped via LTL transport and courier ground service, however we do use other carriers such as FedEx and Priority Mail. The delivery time for LTL shipments will vary. Contact Athletica to confirm transportation times. In some instances we can offer overnight delivery. Overnight delivery arrangements would have to be made by special request and at additional cost.

Return Policy

Prior approval is required on all returns. All returned merchandise must be new and unused, and in saleable condition, preferably in the original packaging. Return shipping costs are the responsibility of the buyer. All returns are subject to a 15% restocking and handling charge. To return merchandise, contact us via telephone at 1.800.809.RINK. You will be provided with a return authorization number. Athletica reserves the right to refuse return of any merchandise if our return policy and procedure are not followed. In the case of defective merchandise, contact Athletica to arrange return and/or replacement.

Lost Orders, Shortages, Wrong Item

If you have placed an order and have not received it in a reasonable period, or the merchandise received is incorrect, please contact us at 1.800.809.RINK and we will trace your order.

Damaged Merchandise

When a shipment is received please inspect for damage. If there is exterior damage to the package, if possible, please notify the carrier before he leaves the package at your premises. Contact us immediately in the case of damaged merchandise at 1.800.809.RINK. Do not return damaged merchandise without contacting us first.

Pricing

Athletica does not provide a price list for catalog items. This policy allows us to provide customers with the best possible pricing at shipment time. Please call 1.800.809.RINK for pricing. All applicable sales taxes are extra unless noted on quotations.

Terms

All new accounts will require a completed and signed Credit Application. Payment is due net 30 days.

Credit Cards

Athletica accepts Visa, MasterCard and American Express.

Past Due Payments

All past due accounts are subject to a 1.5% monthly finance charge (18% per annum).

Warranty

All of our products have a manufacturer warranty unless specified at the time of quoting. The extent and life of warranty varies by product. Full warranty details regarding a product can be obtained by contacting us.

Disclaimer

Athletica reserves the right to correct any errors in the catalog, remove any items that become unavailable, and to substitute similar items of equal or greater quality if available.

POLY

Page
2

Poly Facing

- StayWhite™ Puckboard, high-density polyethylene sheet for surfacing existing or new dasher boards
- Thicknesses: .220", .375", .500"
- Standard Sizes: 48" x 96", 42" x 96"
- May be cut to size, or custom sizes available
- Pre-drilled and countersunk also available
- Colors: White, Red, Blue, Light Blue, Yellow, Gold
- Option: UV Stabilized

Pre-Cut Poly

- High-density polyethylene
- Thicknesses: .220", .500"
- Colors: Red, Blue, Light Blue, Yellow, Gold
- Kick Plate
 - Standard Sizes: 8" x 96" x .220", 8" x 96" x .500"
 - Options: UV Stabilized, Raw or Routed Edge
- Sill Band
 - Standard Size: .220" x 2" x 96"

Cap Rail

- High-density polyethylene
- Thicknesses: .220", .500", .750", 1.0"
- 96" lengths cut to size; straight or radius
- Colors: Red, Blue, Light Blue, Yellow, Gold

Poly Line Kits

Individual lines also available

- Ice Line Kit (.250" or .500") - includes screws and backer
 - Goal Line Kit: (4) 2" x 48" Red
 - (4) 2" x 8" Red
 - Red Line Kit: (2) 12" x 48" Red
 - (2) 12" x 8" Red
 - Blue Line Kit: (4) 12" x 48" Blue
 - (4) 12" x 8" Blue
- In-Line Kit (3/8") - includes screws and backer
 - (2) .375" x 12" x 48" Red
 - (4) .375" x 2" x 48" Red
 - (4) .375" x 2" x 8" Red

FIBERGLASS

Fiberglass Facing and Kick Plate

- Fiberglass sheeting ideal for use on outdoor hockey, inline and soccer rinks
- Superior UV properties
- Minimal expansion and contraction due to temperature change
- Less prone to cracking and breakage

Facing sheets, available in white:

- 1/4" thick x 40-7/8" x 96"
- 1/4" thick x 48" x 96"
- 1/4" thick x 41-7/8" x 96"
- 3/8" thick x 48" x 96"

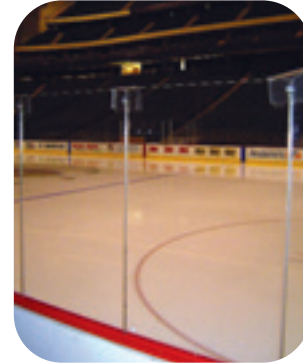

Kick plate, available in gold:

- 1/4" thick x 6" high
- 1/4" thick x 8" high

Tempered Glass Shields

- Quick and easy to clean
- Clearer view, less distortion than acrylic
- Arena-ready, with radiused corners and flat-ground edges
- Standard Sizes:
 - Standard thicknesses: .500" and .625"
 - Standard width: 48"
 - Standard lengths: 36", 48", 60", 72", 96".
- Custom sizes available in .500" and .625" thickness
- Speak holes and special notches available

Acrylic

- High-quality cell-cast acrylic
- Option: Scratch-resistant
- Arena-Ready Acrylic
 - Available in all standard sizes
 - Custom sizes also available
 - Includes 1" radiused corners and finished edges.
- Acrylic Sheets
 - Standard thicknesses: .500" and .625"
 - Standard width: 48"
 - Standard lengths: 24", 36", 48", 60", 72", 96".
- Cut-To-Size Acrylic

Polycarbonate shielding is available on request.

PowerPlate™

The Power To Stop Pucks Cold.

PowerPlate is a scratch-resistant coating applied to tempered glass to help protect fans and players from the danger of shattered glass. With the PowerPlate system, rinks can use 1/2" thick glass around the entire rink instead of 5/8" on the ends. The 1/2" glass is lighter, which is more forgiving to players on impact and enables quicker conversions. PowerPlate is used with 1/2" tempered glass in our NHL-Approved GlassFlex shielding system. PowerPlate can be applied to new glass or applied to your existing glass on site.

Dasher System Components

SHIELD SUPPORTS

Page
4

Mark VI Shield Support

- Rounded design eliminates sharp edges
- Requires only one person for shield installation or removal from ice side
- Clip/nut channel design prevents stripping
- Complete with safety cap
- Suitable for .500" and .625" shields
- Sizes: (overall length/height above cap rail)
 - 56.5"/35"
 - 68.5"/47"
 - 80.5"/59"
 - 104.5"/83"

MARK VI SUPPORT

HDR Heavy-Duty Quick Release Shield Support

- No fastening required
- Only support designed to specifically handle heavy or tall shields
- Quick-release mechanism saves time and man power
- Designed for use by multi-purpose facilities
- Requires only one person for shield installation for removal from ice side
- Recommended for shields over 6' tall
- Suitable for .500" and .625" shields
- Sizes: (overall length/height above cap rail)
 - 54.375"/35"
 - 66.375"/47"
 - 78.375"/59"
 - 102.375"/83"

HDR SUPPORT

Two "C" Shield Support

- Used for right angle turns and shield termination points
- Provides for a smooth consistent look
- Safe and strong
- All supports easily removed when shields are not required
- Supports shield on gates
- Sizes: 59"
 - 71"
 - 83"
 - 107"(24' Lengths also available)

2C SUPPORT

Mark IV Shield Support

- Standard one-piece shield support for .500" shields
- Cut to size
- Ideal for use on in-line rink shields

MARK IV SUPPORT

Brackets

- Standard J-fitting mounts to center stringer and holds Mark VI support in place
- Sold individually
- Sized for .500", .750", 1" top sill

Sockets

- Mounts to center stringer and holds HDR support in place
- Sold individually

Cups

- Mounts to center stringer and holds 2 "C" and Mark IV in place
- Sold individually

GASKET PRODUCTS

Supported Shielding Gasketing — protects shielding within aluminum shield supports & sill channel

Mark IV Gasketing (.500")

- Color: Clear
- Sizes: .500" x 35"
.500" x 47"
.500" x 59"
.500" x 96"

B110 Gasketing (.500")

- Sizes: .500" x 35"
.500" x 59"
.500" x 83"
.500" x 96"

B94 Gasketing (.625")

- Sizes: .625" x 35"
.625" x 59"
.625" x 83"
.625" x 96"

Seamless Glass Shielding Gasketing — protects shielding within sill channel

Series 6 Gasketing (.500", .625")

- 3 1/2" U-Height
- Sizes: .500" x 48"
.625" x 48"

5000 Series Gasketing (.500", .625")

- 4" U-Height
- Sizes: .500" x 48"
.625" x 48"

GlassFlex Gasketing

- 3-1/2" U-Height
- Sizes: .500" x 48"
.625" x 44"

Gasket Adhesive

- Adheres gaskets to glass
- Not affected by ammonia or cleaners

Gasket Tape

- Adheres gaskets to glass
- Clear, double-sided tape
- Available in 1" or 3"

Dasher System Components

SHIELDING ACCESSORIES

Page
6

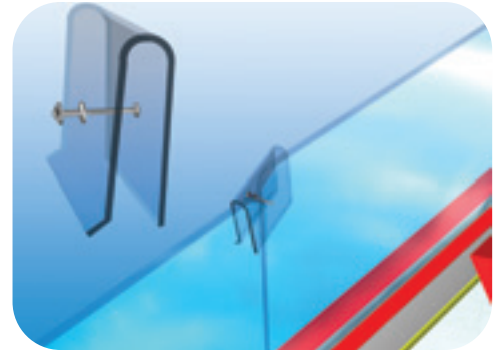

Polycarbonate Square Clip

- Holds glass in place
- Sizes: .500", .625"

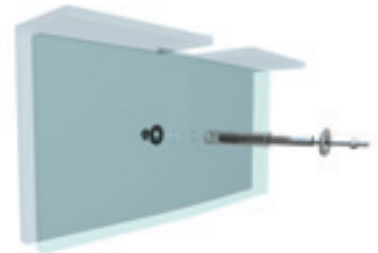

CheckFlex™ HairPin Polycarbonate Clip

- An integral component of the CheckFlex™ flexible board system
- Allows two adjacent seamless glass shields to move in conjunction with one another to maximize overall impact absorption

GlassFlex Clip

- Designed specifically for the increased movement of the GlassFlex flexible shielding system
- Allows two adjacent seamless glass shields to move in conjunction with one another to maximize overall impact absorption

Corner Shielding Pads

Protects hockey players and helps to reduce injuries and liability by padding terminations in the shielding. Ideal for use at player/penalty boxes.

Fabric Sleeve with foam core

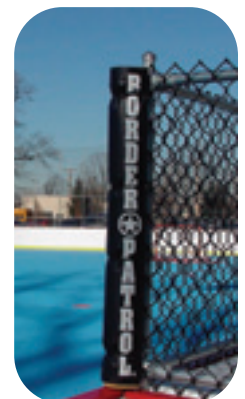

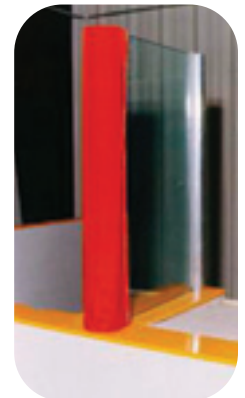

- Heavy-duty reinforced fabric sleeve with impact-absorbing foam core
- Mounts to shield end support
- Standard length: 36"
- Colors: Red, Blue

Vinyl/Velcro with core

- Heavy-duty foam filled vinyl pad
- Uses adhesive-backed velcro to attach pad to corner posts or end posts
- Does not require removal of shields to install.
- Standard Length: 36"
- Colors: Red, Blue

Vinyl Sleeve with foam core

- Heavy-duty vinyl with special impact-absorbing foam pads
- Mounts to existing shield supports
- Standard length: 36"
- Color: Black
- Available with either Border Patrol or Crystaplex logo

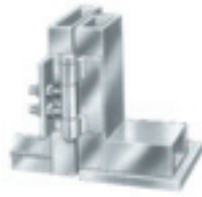

Dasher System Components

HARDWARE

Machine Gate Hardware

Heavy-Duty Adjustable Hinge

- Corrects sagging
- Remove gate for off-season accessibility
- Designed for specifically for machine gates

Sliding Closure Bar

- Heavy-duty sliding bar keeps gate closed
- 48" long

Cane Bolts

Used to secure machine gate in a closed position

Heavy-Duty Casters

- Heavy duty moving support for machine gates
- 5" diameter swivel caster

Color-Matched Fasteners

- Standard Color Choices:
White, Red, Blue,
Light Blue, Yellow, Gold
- Standard Fastener Types:
#10 Flathead Wood Screws
#14 Hi Lo Screws
1/4" x 20 Flathead Type "F" Screws
Zinc and stainless steel screws available.

Bench Brackets

- Permanent
- Removable
- Wall mount available

Access & Player Gate Hardware

Latch Set

Includes latch, striker, gatekeeper

Ice Side Release

Spring-loaded push rod that connects to Crystaplex gate latch set

Castors

3" diameter swivel caster

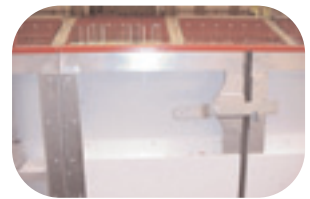

Self-Lubricating Pin-Hinge

- Ultra high-density sleeve eliminates the need for oil or grease
- For use with access and player gates

Piano Hinge

- Durable hinge that requires no adjustments
- For use with access and player gates
- Lengths: 28", 36"

We Also Stock:

- Hex HD Bolts
- Lag Bolts
- Hex Nuts
- Nylon Lock Nuts
- Flat Washers
- Lock Washers
- Quadrex Driver Bits – Phillips or Robertson
- Anchors – expansion, pre-cast or adhesive
- Adhesive anchoring systems

Ad Board Kits

- Generate revenue for your hockey program or arena
- Easily fits into virtually any board system
- .500" Kit includes:
 - .118" x 48" x 96" polycarbonate
 - .040" x 48" x 96" ABS
 - .375" x 48" x 96" Poly
 - 32 fasteners
- .220" Kit includes:
 - .220" x 48" x 96" polycarbonate
 - .040" x 48" x 96" ABS
 - 32 Fasteners
- 48" x 96" clear polycarbonate sheet is available in .118", .177", .236", .375" and .500" thicknesses

Ad Board Inserts

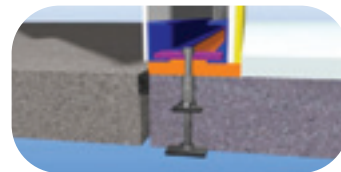

- Zinc-plated, threaded insert saves wear and tear, stripping of poly facing
- .375" back for .375" poly
- Packs of 32

ICE DAMS

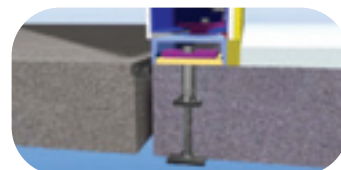

Poly Ice Dam

- Protects integrity of ice edge when boards are removed
- Custom fit to board system
- Lightweight and easy to handle

Steel Ice Dam

- Protects integrity of ice edge when boards are removed
- Helps alleviate concrete anchoring problems

Dasher System Components

LIFT GATES

Vertical Lift Gate

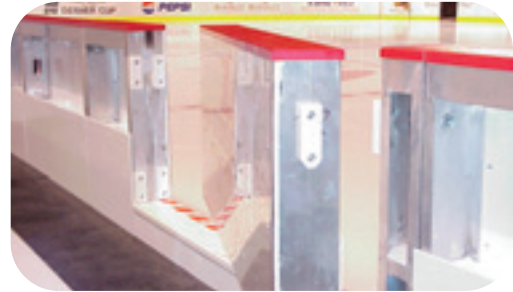

- Available in electric or manual operation
- Affordable solution
- Optional electronic sensors available
- Size: 10' or 12' (curved or straight)

REPLACEMENT PANELS/GATES

Replacement Panels/Gates

- Replacement panels and gates are available
- Custom made to your exact specifications

Backer Panels

- High-density polyethylene
- Thicknesses: .220", .375", .500"
- White, custom colors available
- Options: UV Stabilized, Quick Release Hardware

Series 1100 Rink Systems

Do-it-yourself Rink Kit — An economical steel and wood frame dasher board system perfect for Do-It-Yourself community efforts

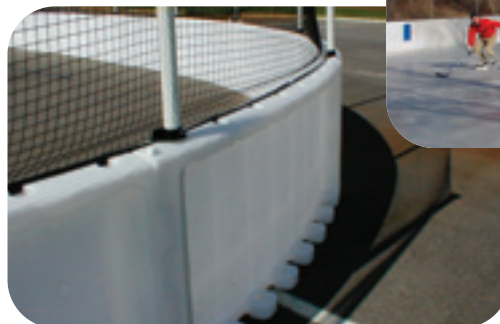

- Posts are steel and gates are aluminum
- Pre-cut and pre-assembled
- Uses Mark VI shield supports, making shields easy to install or demount
- Supports can accommodate tempered glass or acrylic shields
- Qualified installation supervisor available upon request

GAMEPLEX™

Rink Kit Alternative

For an economical alternative to building it yourself, check out Athletica's versatile GamePlex rink system. GamePlex offers a safer, more durable, more playable environment than a wood rink system, at approximately half the cost of traditional frame systems. In addition, this semi-permanent, rotationally-molded plastic rink system is virtually maintenance-free and requires minimal set-up. See page 28 for more information on GamePlex.

Rink Accessories

BORDER PATROL RINK DIVIDERS

Divide and Conquer.

Make the most of your ice time with our highly durable Border Patrol Rink Dividers.

- Panels constructed of open-cell, high-density foam pads covered with tear-resistant and puncture-resistant vinyl
- Fast, easy set-up using heavy-duty velcro straps to connect the panels
- Designed specifically for cross-ice style training
- Maximize rink programming and training effectiveness at the same time

"USA Hockey supports the Border Patrol Rink Divider System as a safe, effective way for youth hockey associations, recreation departments and ice arenas to efficiently divide an ice sheet in two or three sections for clinics, drills, practices, or games."

Kevin McLaughlin
Director, Youth Ice Hockey
USA Hockey

BP-D Standard

- Great for Mini-Mites, Mites, Squirts and zone-specific drills
- Maximizes your rink's efficiency
- Safe and easy to set up
- Specs: 12" H x 8" W x 10' L
- Weight: 20 lbs.

BP-D Jumbo

- Divide the ice for competitive 3-on-3 practices
- Double-stack and place against dasherboards to teach checking techniques in a safe manner
- Great for older, advanced players
- Specs: 22" H x 12" W x 10' L
- Weight: 40 lbs.

BP-D Pro-Style

- Acts as a boundary for other sports (i.e. indoor football)
- Place against current dasherboards to teach checking techniques in a safe manner
- Great for adult 3-on-3 tournaments
- Specs: 42" H x 18" W x 10' L
- Weight: 60 lbs.

BORDER PATROL®

Portable Rink Dividers

Rink Accessories

GOAL FRAMES

Professional Goal Frame

- Official NHL size and safety specifications
- Tubular Steel Construction; powder coated frames
- 4' high x 6' wide x 44" deep (34" deep also available)

Complete Goal Frame Package

- Includes knotless nets, bottom pads, back center pad, and net protectors
- Available prestrung or unstrung

Practice Goal Frame

- Sturdy practice goal
- Rectangular OHA goal
- 4' high x 6' wide x 19" deep

Mini-Mite Goal Frame

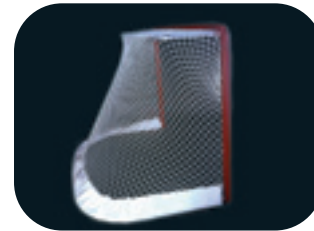

- Recommended for Cross-Ice play
- 1-3/8" Galvanized steel frame
- 16 lbs.
- 2' high x 3' wide x 24" deep

Page
11

BP Tournament In-line Goal

- Recommended for league in-line and street hockey play
- 2-3/8" Galvanized steel frame
- 65 lbs.
- 4' high x 6' wide

BP Official In-line Goal

- Recommended for residential in-line and street hockey play
- 1-3/8" Galvanized steel frame
- 35 lbs.
- 4' high x 6' wide

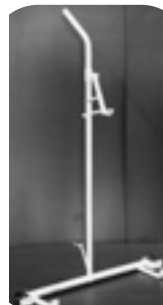

BP Junior In-line Goal

- Recommended for residential in-line and street hockey play
- 1-3/8" Galvanized steel frame
- 25 lbs.
- 3'4" high x 4'6" wide

Goal Frame Transporter

- Transport frames from place to place easily and efficiently
- Fits all sizes of frames
- Easy break down, stores compactly

Rink Accessories

GOAL NETS

Goal Netting

- 4mm Woven Nylon with rounded back
- One piece construction
- 2-1/2" diamond mesh
- Designed for high-use environments
- Special bonding agent keeps net from unraveling
- Option: Knotted or knotless, and 5mm

Practice Nets

- OHA goal netting
- 2.5mm nylon
- 4' x 6'
- Use only with our practice frame

Nylon Repair Twine

- Tested to 415 lbs. breaking strain
- Roll of 230 feet

Page
12

GOAL PADS

Goal Frame Pads

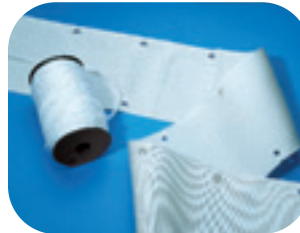

- Protect your players from vigorous play around the goal
- Fits Professional Goal Frame
- Choose from:
 - (2) Bottom Pads
 - (2) Vertical Pads
 - (2) Top Pads
 - (2) Top Center Pads

GOAL ACCESSORIES

Net Protector

- Protects the net from skate cuts
- Durable woven nylon
- Sized to fit Professional Frame
- Eyelets every 4"

Freeze-In Posts

- Fits all standard goal frames
- Four per set

Poly Breakaway Pins

- An important safety consideration
- Four per set

Marsh Pegs

- Reduce injuries – marsh pegs allow the net to release on hard impact
- Reduce game delays – no more unintentional dislodging of net
- Durable – one set lasts several seasons
- Unaffected by temperature
- 3 sizes available

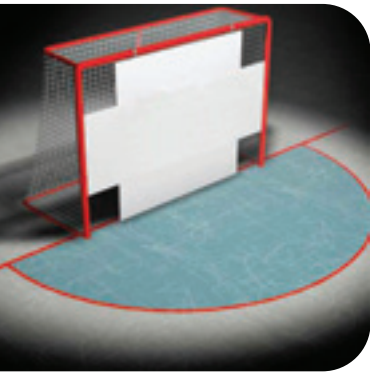

Rink Accessories

TRAINING AIDS

Shooter Tutor

- Increase goal scoring by improving accuracy (Goal sold separately)
- Acts as a substitute goalie when only one goalie or no goal tenders are present
- Enhances the fun of the game through competitive play
- Trains players to aim for four corners and the five-hole – the most difficult areas for the goal tender to defend against
- Portable: Rolls into bundles 3' x 4" and weighs only 10 lbs.
- Stores easily in car trunk or equipment bag
- Installs and removes from net in seconds
- Durable: Tested extensively at -30°F using a puck shooting machine with shots fired up to 100mph

Poly Practice Goalie

- Durable shooting practice aid (Goal sold separately)
- 6'4" wide x 4' tall x .500" thick
- One square foot open spaces in four corners of the goal – the most difficult areas for the goal tender to defend against
- Optional five hole

Page
13

Attack Triangle

- Designed to challenge players by replicating the positioning of an opponents skates and stick
- Forces players to develop puck movement skills, stickhandling ability and an understanding of passing lanes
- By using instead of ordinary cones at practice, players naturally start working on more creative "moves"
- Provides more interaction than cones during practice on ice
- Comes equipped with mooring pins which virtually eliminate sliding

Skate Walkers

- These fundamental skate aids keep the skater standing while learning balance on the ice.
- Durable — lasting at least 10 years
- Ad space available for sponsorship (extra cost)

Rink Accessories

RENTAL SKATES

Rental Skates by Jackson

Rental Figure Skate

- Tan PU-coated leather upper
- Multiple heavy-duty hooks
- Quarter angle padding
- Split leather lining
- Reinforced upper
- Texel sock liner
- Heavy-duty felt-backed leather tongue
- PTR synthetic insole inside heel
- Molded PBC outsole
- Chrome Mark III blade by MK, braised construction
- Easy-to-read size ID on heel

Rental Hockey Skate

Athletica carries a full range of durable hockey rental skates designed to withstand the abuse and demands of any rental program.

- Black vinyl stitched boot
- Molded toe caps

- Large eyelets – no hooks
- Size markings on heels
- Junior child and adult sizes available

Page
14

SKATE STORAGE SYSTEMS

Athletica can provide your rink with various permanent and portable skate storage solutions. Just provide us with your rental room dimensions and the number of skates to accommodate and we can design and recommend a system for you.

- Recycled Plastic
- Powder Coated Steel
- Portable
- Permanent

Skate Dryer

from Advanced Racking Systems

- Unique cool air drying and deodorizing system ensures maximum skate boot life
- Can accommodate 280 pairs of skates in just 40 square feet
- Quality all-steel frame construction
- Industry-leading low voltage electrical and blower components
- Customized stationary or mobile units available

Rink Accessories

PROTECTIVE SPECTATOR NETTING

Nylon Safety Net (2mm)

- 2mm (10', 12', 20' heights)
- Colors: Black, White
- Custom sizes available
- Tape with grommets binding or rope-bound

Monofilament Safety Net

- Clear, monofilament netting
- Rope-bound

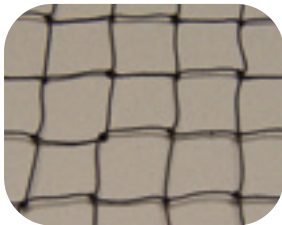

NHL Approved Spectator Safety Net

Athletica has two options available for NHL-Approved Spectator Safety Netting

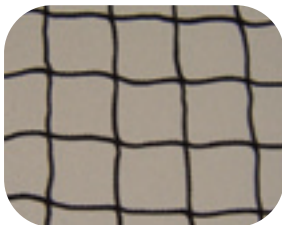

Page
15

KEVLAR® Safety Net

- 1.2 mm strand size
- Color: Black
- Custom sizes available
- Roped Edges
- Fire-Retardent
- One of the thinnest nets available
- Provides superior spectator viewing

DuPont™
KEVLAR®

- 2.1mm strand size
- Color: Black
- Custom Sizes available
- Fire-retardent
- Economical NHL-Approved netting solution

Mounting Hardware Available:

Conduit frame and net
Cables
Cable Clamp
Tumbuckles
Beam Clamps

Recreational netting also available

Athletica can provide a number of retractable netting systems designed to make raising and lowering of nets a simple process. Please call to discuss the system that is best suited for your arena and budget.

ICE COVERS

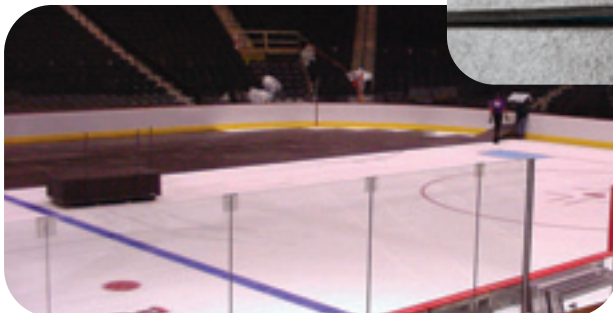

• **Homosote Ice Cover**

- Used to protect and insulate ice during conversions
- 100% recycled all-wood-fiber material
- Moisture resistant
- Coated or uncoated
- Easy to cut to fit any shape
- Colors: Grey, Natural
- Size: 4' x 8' sheets
- Thicknesses: 1" or 1-1/2"

• **ArenaDeck™ Ice Cover**

- A high-quality, long-lasting ice cover for arenas needing multiple, fast and efficient changeovers
- Technologically-advanced synthetic composite alternative to traditional wood or fiberboard ice covers
- Panels cover the ice surface, creating a thermal barrier and flat base
- Strong and Durable
- Will not flake or crumble
- Will not warp, swell or curl
- Lightweight – 30% less weight than wood or fiberboard panels
- Easy to install and remove
- Excellent insulating properties – patented waffle-back design traps cold air below the decking, which insulates and protects the ice
- Waterproof, Non-Porous – will not absorb moisture, will not adhere to ice
- Panel size: 48" x 96" x 1"

Conversion/Ice Maintenance Products

CONVERSION PRODUCTS

See page 8 for our ice dam products, which are designed to protect the integrity of ice edge during board removal, and improve conversion efficiency.

Hand-Held Glass Lifter

- Suction device for lifting regular shields
- Capacity: 300 lbs.

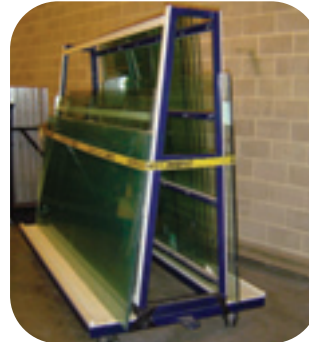

Electric Glass Lifter/Shield Remover

- Attaches to any lift truck
- Protects glass during removal and assembly
- Easy push-button operation
- May increase employee safety

Glass Storage Cart

- Large and small carts to safely hold glass during conversions
- Efficient use of storage space

Page
17

Board Storage Cart

- Store your Crystaplex dashboards when not in use
- Stackable for efficient use of space

Conversion/Ice Maintenance Products

ICE PAINT

Crystal-Ice Powder and Liquid Ice Paints

Our high-quality base coat white powder ice paint is specially formulated to provide a brilliant white ice surface, easy installation and superior coverage. Crystal-Ice is a non-hazardous product and complies with all normal disposal regulations. Our Crystal-Ice Liquid ice paints are available in 6 standard colors (Blue, Red, Goal Crease Blue, Yellow, Black and Green). Custom colors are available.

Crystal-Ice Base Coat White Powder

- 22 lb. (10 kg) bags
- Coverage: An 85' x 200' rink requires 30 bags of Crystal-Ice applied in 2 coats.

Crystal-Ice Liquid Ice Paints

- 1 gallon (4L) pails.
- An 85' x 200' ice surface with standard lines and circles will require 2 pails of red, 1 pail of blue and 1 goal crease blue.
- Crystal-Ice liquid paints are available in any custom color.
- Standard colors:
 - Red
 - Blue
 - Goal Crease Blue
 - Yellow
 - Black
 - Green

LINE KITS

Page
18

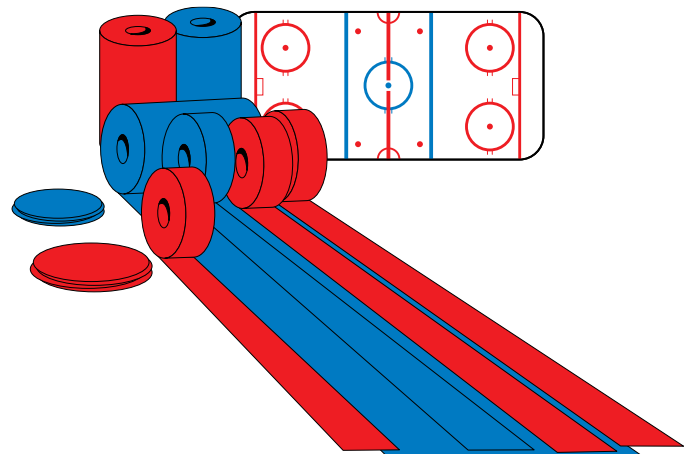

Crysta-Lines Kit

- Alternative to paper lines, made from a patented, fully shaped, non-woven, all natural material
- Absorbs better
- Adheres faster and easier
- Reduces air pockets – lowering energy requirements
- Doesn't fade, doesn't decompose
- Saves time and energy
- Brilliant colors
- Includes enough materials for 2 complete standard rink applications

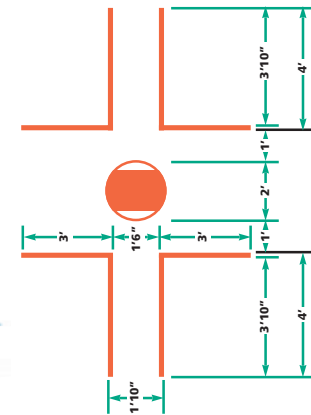

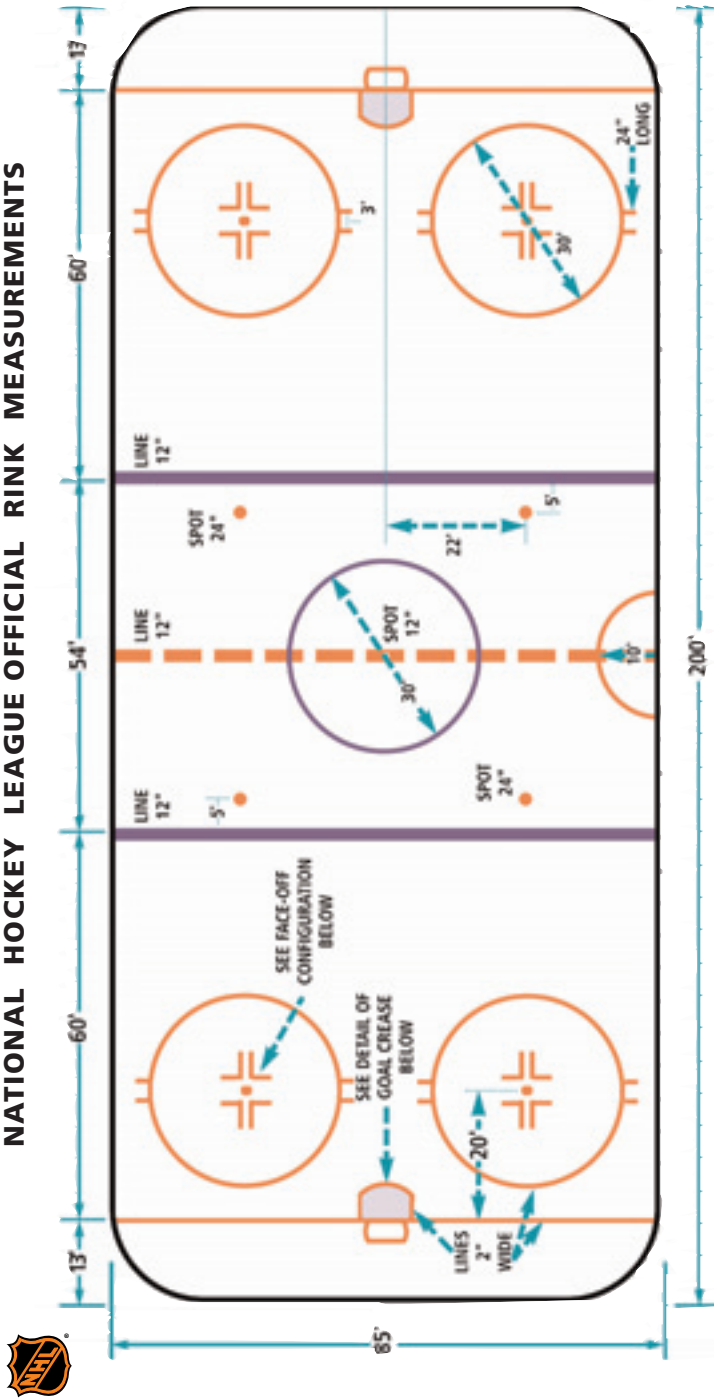

Paper Ice Marking Kit

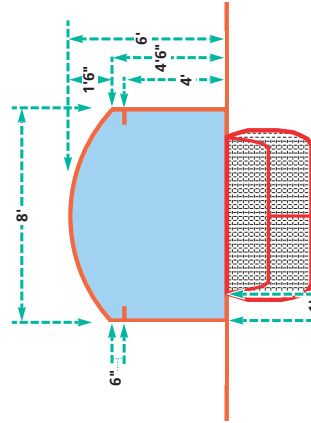

- An alternative to traditional painted lines
- Kit includes:
 - 12" Face Off circles
 - 12" x 700' Blue
 - 12" x 400' Red
 - 2" x 1000' Red
 - 2" x 500' Blue
- Enough for 4 complete standard rink applications
- Paper lines also available individually

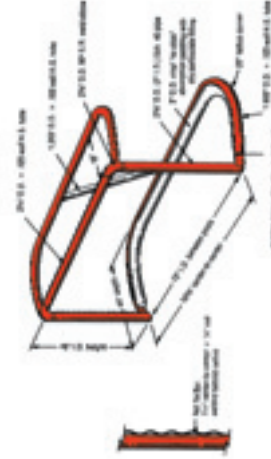

NATIONAL HOCKEY LEAGUE OFFICIAL RINK MEASUREMENTS

ALL LINES ARE 2" IN WIDTH
FACE-OFF CONFIGURATION

ALL LINES ARE 2" IN WIDTH
CREASE DIMENSIONS

APPROVED GOAL FRAME

5/04

Note: At the time of printing, the NHL was considering instituting a rule change that would move the goal line back to 11' from the end of the dashers. This would change the location of the goal line and increase the size of the neutral zone. In all cases it is important to check with your local hockey governing body for "Official" rink measurements.

Conversion/Ice Maintenance Products

RESURFACER ACCESSORIES

Blades

- Stainless steel
- 77", 80", 84" and 96" lengths

Spreader Towels

- 4 ply with grommets
- 77", 80", 84" and 96" lengths
- Custom sizes also available

ICE MAINTENANCE PRODUCTS

Thomsen Ice Edgers

- Stable four-wheeled design for easy maneuvering on and off the ice
- Synchronistically adjusted wheels to raise and lower the frame for a consistently level cutting plane
- Precision leveling of the ice with a 17-3/4" cutting path
- Easy height adjustment and quick-change ice cutting carbide blades simplify everyday operations and routine maintenance

Thomsen T-18 Ice Edger

Briggs & Stratton 10.5 hp gasoline engine

Thomsen Pro-18 Ice Edger

Honda 11 hp propane-burning engine

Thomsen T-29 Ice Cat

Battery-powered electric motor with automatic recharger

Stabilicers™ Anti-Skid Detachable Soles

- Innovative design provides reliable traction on ice and snow
- Vibram soles with velcro attachment straps for maximum adjustability; easy-on, easy-off
- Replaceable hardened steel cleats that dig in hard on ice
- Textured grid surface
- Patent pending

Flooding Hoses

- Red or black rubber hoses
- 3/4", 1" or 1-1/2" inside diameter
- Custom cut to your specified length
- Please indicate connection end required when ordering

Hose Reels

- Manual or powered hose reels save time and minimize space needed to store hose
- Reels can store up to 300' of 1" hose
- Custom reels and storage carts are available

Nozzles

- Plastic and brass fog nozzles that adjust from a fine to a heavy spray
- Available in 3/4", 1" or 1-1/2"

Shovels

- Athletica carries a wide variety of snow and scoop shovels
- All shovels are heavy duty

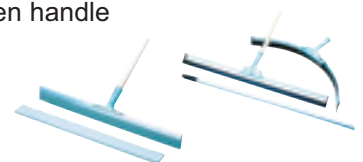

Scrapers

- Regular and heavy duty models available
- Helps to keep your ice in top shape

Squeegees

- 36" wide straight and curved squeegees
- Complete with wooden handle

Conversion/Ice Maintenance Products

CLEANING PRODUCTS

Rink Erasers

- This small but remarkable cleaning pad makes light work of some of the hardest arena cleaning challenges – without need for expensive equipment or chemicals.
- Only requires plain water and light scrubbing to remove puck, tape and scuff marks throughout your rink facility
- Suitable for a wide variety of facility cleaning needs, from boards and glass to washrooms and locker rooms
- No complicated staff training required
- No chemical handling needed
- No protective gloves or eyewear necessary
- 4" x 4" x 1" white cleaning pad; Available in cases of 100

NOVUS No. 1 (Crysta-Polish)

To Clean, Shine and Protect

- Gently cleans all plastics without scratching
- Lustrous shine that resists fogging, repels dust and eliminates static
- Contains no abrasives or harsh chemicals
- 64 fl. oz. bottle

NOVUS No. 2 (Crysta-Polish)

To Restore and Refinish

- Removes fine scratches, haziness and abrasions from most plastic
- With frequent use, restores faded and discolored plastics
- Removes damage instead of filling it in; buffs out quickly
- After restoring, seals with a coat of polish
- 64 fl. oz. bottle

NOVUS No. 3 (Crysta-Polish)

To Repair and Prepare

- Removes heavy scratches and abrasions from most acrylic surface
- Requires use of NOVUS No. 2 for final finishing
- Not recommended for use on coated plastics
- 64 fl. oz. bottle

FLOORING

noramment 992 Grano Rubber Flooring

Choose nora® Rubber flooring as an ideal solution for ice rinks. Its high density and excellent elasticity allows the 992S grano products to withstand the abuse of ice skate traffic.

nora®

- Skate Resistant
- Extra thick wear layer
- Solid and multicolor design options
- Precision-cut, dimensionally stable
- ADA compliant for slip resistance
- Easy and inexpensive to maintain. No wax required
- 5 year limited warranty
- Size: 39" x 39" x 3/8" thick tiles
- Requires one-part urethane adhesive

nora® 310 One-Part Urethane adhesive

- Available in 2 gallon pails
- Coverage: 230 square feet/pail

Tuflex Titan and Spartus Rubber Flooring

Tuflex Rubber Flooring tiles have been used for ice rink and sports applications since 1957. The 100% recycled rubber tiles provide excellent durability and an attractive appearance. Tuflex Titan is a black tile with a color speckle. Tuflex Spartus is a full color speckle tile. For the greatest durability and attractive appearance specify Titan tile in the high traffic areas and Spartus as an accent color.

- Skate Resistant
- Non-porous, vulcanized rubber
- Wide selection of colors and patterns
- Made from 100% recycled materials
- Exceeds ADA and OSHA requirements for traction
- East to maintain
- 5-year limited warranty
- Size - 27" x 27" x 3/8" tiles
- Requires one-part urethane or two-part epoxy adhesive

Protectall

- An all-purpose recycled vinyl floor covering.
- Matte or textured top surface
- Available in sheets, square tiles or interlock tiles
- Sheet sizes: 30" x 5'
 - 5' x 5'
 - 5' x 8'
- Sheet Thicknesses: .125" (1/8"), .250" (1/4")
- Tile Sizes: 24" x 24" square
 - 18" x 18" interlocking
- Tile Thickness: .250" (1/4")
- Available in Gray, Dark Gray, Blue, Burgundy and Teal

Facility Products

FLOORING

Rolled and Interlock Rubber Flooring

Manufactured from recycled rubber with EPDM color granules (20% fleck). Designed as economical rubber flooring that provides high durability, skate resistance and easy installation.

- Available in 4' x 50' rolls, .375" (3/8") thick, or
- 24" x 24" x 3/8" thick interlock or square cut tiles
- **Note: Custom roll lengths are available**
- Rolls reduce the number of seams providing superior appearance
- Interlock tiles do not require adhesive
- Rolls and square cut tiles will require one-part urethane adhesive
- 2-year limited warranty

Humane Rubber Mats

Humane Guardian and Lok-Tuff matting is manufactured from recycled revulcanized rubber. Available in a variety of sizes, square-cut or interlock.

- Easy to install (no adhesive required)
- Skate resistant
- Size (Square-cut) 4' x 6'
- Thickness: .375" (3/8"), .500 (1/2"), .750" (3/4")
- Size: (interlock) 4' x 4'
- Thickness: .375" (3/8"), .500 (1/2"), .750" (3/4")
- Available in black or black with color speckle (Red, Green, Grey, Blue)

Black Rubber Matting

Black rubber matting can be an inexpensive flooring solution that provides skate resistance and years of use. Ideal for high-wear players boxes. Made from 100% recycled rubber.

- **4' x 6' black rubber mats**
- Extremely durable
- Skate Resistant
- Smooth or textured top surface
- Thicknesses: .375" (3/8"), .500" (1/2") and .75" (3/4")

Dritac 7600 One-Part Urethane Adhesive

- VOC Compliant for odor emission
- Moisture cured
- Covers approx. 160 square feet per unit (2 gallon)

Mapei G-19 Two-Part Urethane Adhesive

Covers approx. 160 square feet per unit (2 gallons)

Athletica also carries reducers, cove base, stair nosings and stair treads.

Facility Products

WASHROOM AND LOCKER ROOM

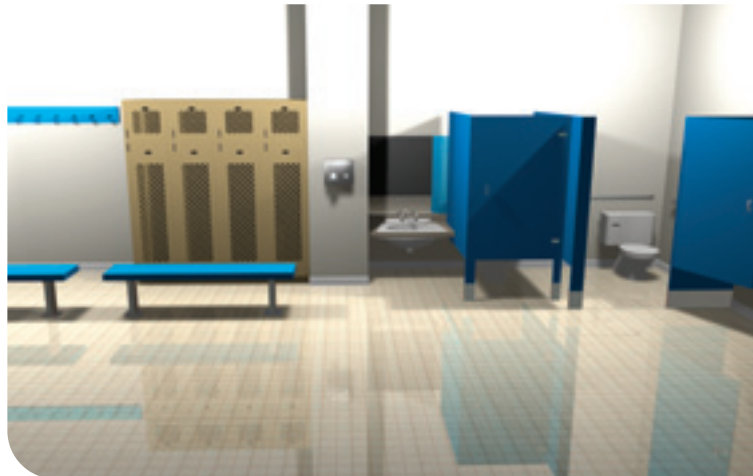

Whether you are renovating an existing facility or starting new construction, Athletica can provide a complete line of washroom and locker room components. These products are specifically designed for tough recreational environments. Based on your needs, Athletica can develop a package that is customized to your individual facility.

Bathroom Partitions

- Solid High-Density Polyurethane doors, panels, and pilasters
- Waterproof and non-absorbent
- Radiused edges
- Integral hinges, full continuous plastic wall brackets, solid plastic pilaster shoes

Models:

- Floor Mounted
- Overhead Braced
- Floor-To-Ceiling
- Ceiling Hung

Lockers by Lennox

- Tough, attractive solid plastic never needs painting - resists dents and scratches
- Impervious to moisture - lockers will not rust or delaminate
- Durable, vandal-resistant, all-welded construction
- Wide range of sizes, tiers, colors and options
- ADA compliant operation
- 20 year warranty against rust, delamination or breakage under normal use
- Lockers ship fully assembled
- Patent Pending 1-piece box and latch mechanism

Earth Technology Corp. products are made from 100% recycled post-consumer HDPE (high density polyethylene).

- Stick Racks and Skate Racks
- Shelving
- Locker Room Benches
- Bleachers
- Tables

Some advantages of ETC products include:

- **Maintenance-free**, never needs paint, stain or sealer
- **Weatherproof**, all seasons
- **Rot-proof**, will not split, crack or peel
- **Unaffected by wood destroying organisms**, insects or salt water
- **Nontoxic**, environmentally friendly
- **Aesthetically pleasing**, wood-like appearance in a variety of colors
- **25-year limited warranty**

Facility Products

SCOREBOARDS

Scoreboards

Athletica can supply the perfect scoreboard to meet the needs of your facility. We have scoreboards for ice hockey, in-line, soccer and curling. Portable scoreboards are also available.

- Conformal coating on circuit boards protects against moisture
- High-quality LED's offer improved viewing angle and will not fade noticeably over time
- Designed and programmed for easy operation
- Aluminum enclosures are powder-coated for durability
- Generous advertising space available for sponsor revenue
- 5-year manufacturers warranty

BLEACHERS

Bleachers

Bleachers are an integral part of any ice, in-line, soccer or multi-sport facility. Spectator safety, sight lines and ease of access are all factors that lead to a successful spectator viewing area. At Athletica we can assist you in the implementation of a bleacher system that is perfect for your spectators needs.

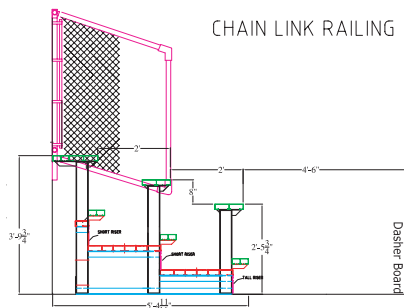

- Portable or Permanent bleacher systems
- Aluminium or steel support structures
- Aluminium or poly planking
- Designs are available to ensure that the bottom row of spectators can see over your dashers
- Bench or stool seating configurations
- Recycled plastic bleacher caps

Sports Stool Bleacher

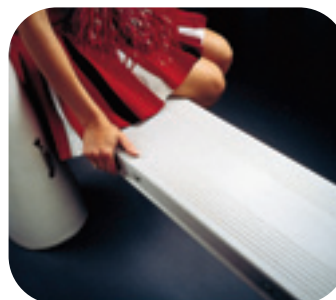

Optimize seat count & sightline, while holding your budget with the Sports Stool Bleacher* created by Seating Solutions. By raising the seat height & providing an elevated footrest for comfort, sightlines are maximized even from the first row, unlike conventional bleachers. By utilizing the optional rear entry style, you can provide stadium style seating where late comers do not walk in front of already seated spectators.

- Permanent or portable
- All aluminum, maintenance-free unit
- Perfect for indoor or outdoor hockey
- Plastic seat top option insulates for a warmer seat (your choice of color)
- Optional decorative custom end panels, and transfer wheel kit

PermaCap Bleacher Covers

- Improves durability and comfort
- Dramatically enhances the look of your bleachers
- Never needs refinishing
- Easy to install
- Wide selection of colors
- Indoor/outdoor
- Colors: Red, Maroon, Orange, Yellow, Green, Purple, Blue

BORDER PATROL®

Permanent Rink Systems

Call the Authorities.

It's time for your facility and your players to have the high-quality, long-term solution that only Border Patrol Permanent rink systems can provide. Border Patrol Permanent dasher boards have been the top choice in the industry because of Athletica's commitment to innovation and quality, and our experience with the sport of hockey. From neighborhood pick-up games to championship-style league play, Athletica is dedicated to making your in-line hockey facility a success.

When it comes to rink systems, we know what works, and what doesn't. Our unique dasher system specifications reflect our experience, from the modular component design to the structural aluminum frame. We are committed to developing high-quality rink facilities that are **playable, safe, durable and easy to maintain.**

OUTDOOR

PRO 3000A

- Ideal for introducing in-line hockey or moving up from a portable rink system
- Engineered to withstand aggressive in-line hockey play

PRO 4000A

- Perfect for aggressive, championship-style in-line hockey
- The highest quality, most durable in-line rink system in the industry

PRO 4500A

- Based on the design of the PRO 4000A, and utilizing features from our Crystaplex ice systems
- Specially engineered for combination in-line and ice hockey use in cold weather climates

INDOOR

PRO 5000

- Professional-quality design ideal for aggressive indoor in-line hockey and/or soccer
- See-through rink panels available for optimal spectator viewing
- Optional retractable soccer goals maximize the efficiency of soccer/in-line changeovers

PRO 5500

- A hybrid of the PRO 5000 and our Crystaplex ice systems
- Designed specifically for indoor, synthetic ice facilities

PRO 6000

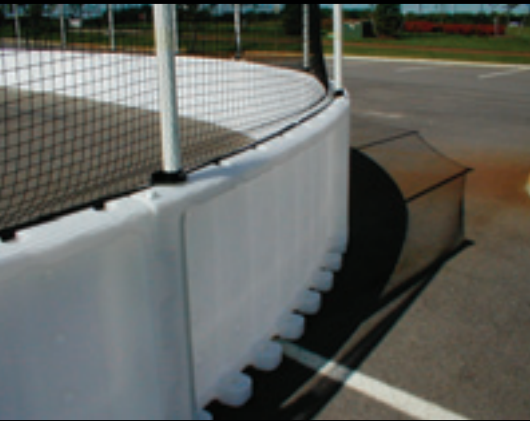

- Building on the high-quality design of the PRO 5000, this system features seamless glass shielding
- Offers unobstructed, undistorted views of the game with less maintenance

GAMEPLEX™

Versatile Rink Systems

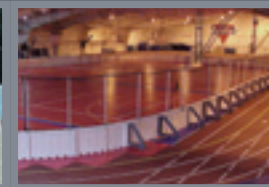

Keep Your Options Open.

There is an affordable new way to bring in-line hockey, indoor soccer, arena football, and more to your program. GamePlex combines the best features from portable rink options, and the best from permanent rink options, to maximize affordability, value and versatility.

GamePlex is a completely portable, semi-portable or permanent rink system, depending on the use and installation preferred by the customer. Made of rotationally molded plastic, GamePlex is highly durable with virtually no maintenance requirements. This rink system is designed for indoor or outdoor use, and offers excellent safety and game containment. GamePlex also features good ball and puck action off the boards, at a fraction of the cost of traditional rink systems.

- Highly versatile
- Easy to set up
- Virtually no maintenance
- Excellent safety
- Good playability

BORDER PATROL®

Portable Rinks/Dividers

Contain the Game, Not the Fun.

Border Patrol Portable rink systems are great for ball hockey, in-line hockey, promotional events, even for residential use. Rink panels are made of high-density foam and vinyl, and are secured to each other with heavy-duty velcro straps. Ad panels and screen printing are available for possible advertising revenue.

- Fully Portable
- Durable
- Safe
- Lightweight
- Fast and Easy Set Up
- 12", 22", or 42" High

Other Athletica Products

CRYSTAPLEX™

Ice Rink Systems

Expect More.

From the Pros to the PeeWees, your ice hockey rink is an investment in your facility and your hockey program. Demand the very best from that investment. We recognize that every rink project is unique, and understand the importance of consulting with our customers to identify their specific operational, budget, and construction needs in detail. With four decades of experience building dasherboard systems for the NHL and communities worldwide, Crystaplex brand dasherboard systems are the industry benchmark for quality and innovation.

- Retrofit or new construction
- Maintenance-free aluminum rink systems
- Community-level systems built to last
- Seamless glass technology
- Impact-absorbing boards and glass
- Systems designed for repeat conversions

The Preferred Rink System

As Preferred Rink Equipment Supplier for the NHL, Crystaplex rink systems are found in 75% of the NHL arenas and in over 2,000 community rinks worldwide. Engineered specifically for rink applications, the materials and design details specific to Crystaplex dasherboard systems set us apart in the industry. We utilize a fully welded frame (as opposed to one that is mechanically fastened) for added strength, durability, and ease of maintenance. Our frames are manufactured using 100% structural aluminum, as opposed to architectural aluminum or steel. Athletica's confidence in its aluminum-framed system is driving a major shift in an industry that has historically been slow to change.

CRYSTAPLEX™

Ice Rink Systems

Series 6A Aluminum Dasher Systems

- Professional-quality 6" aluminum frame dasherboard systems
- Lightweight, yet highly durable boards extend lifetime of the rink
- Maintenance-free design perfect for all rinks - community to NHL
- Designed to dismantle easily for efficient changeovers or repair
- Hardware design allows for quick, easy adjustment/replacement

Options:

- Tempered Glass or Acrylic shielding
- Seamless, Supported or Combination shielding systems available
- CheckFlex® flexible board system
- GlassFlex® flexible shielding system

- **More lasting value**

- **More safety options**

- **More design innovation**

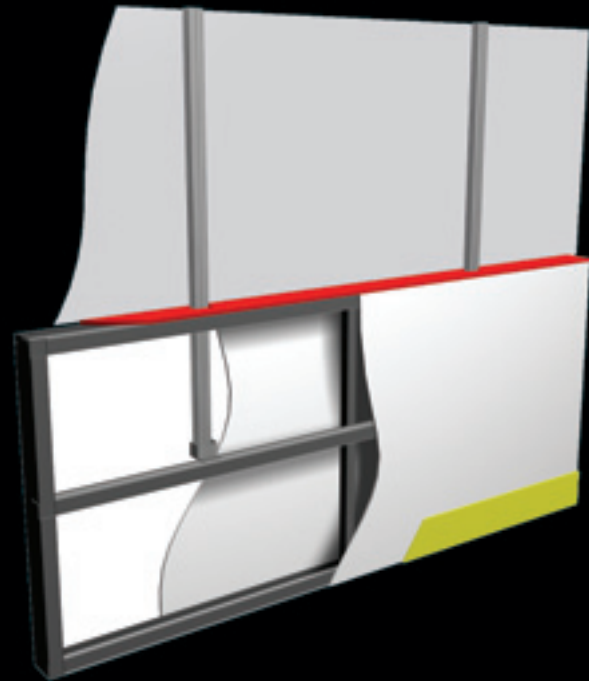

- **More professional approach**

- **More consistent performance**

- **More quality in every rink system that we manufacture**

Why Aluminum?

- Aluminum does not rust, and requires little maintenance
- Reduced contraction problems and the right flexibility
- 40% lighter than steel, reducing changeover / maintenance time
- 100% structural aluminum provides similar yield strength as steel systems
- Athletica is able to offer aluminum-frame systems, with all the benefits listed above, at virtually the same price as steel-frame systems
