BORDER PATROL RINK DIVIDERS

Divide and Conquer.

Make the most of your ice time with our highly durable Border Patrol Rink Dividers.

- Panels constructed of open-cell, high-density foam pads covered with tear-resistant and puncture-resistant vinyl
- Fast, easy set-up using heavy-duty velcro straps to connect the panels
- Designed specifically for cross-ice style training
- Maximize rink programming and training effectiveness at the same time

"USA Hockey supports the Border Patrol Rink Divider System as a safe, effective way for youth hockey associations, recreation departments and ice arenas to efficiently divide an ice sheet in two or three sections for clinics, drills, practices, or games."

Kevin McLaughlin
Director, Youth Ice Hockey
USA Hockey

BP-D Standard
