## TRAINING AIDS

### Shooter Tutor

- Increase goal scoring by improving accuracy (Goal sold separately)
- Acts as a substitute goalie when only one goalie or no goal tenders are present
- Enhances the fun of the game through competitive play
- Trains players to aim for four corners and the five-hole – the most difficult areas for the goal tender to defend against
- Portable: Rolls into bundles 3' x 4" and weighs only 10 lbs.
- Stores easily in car trunk or equipment bag
- Installs and removes from net in seconds
- Durable: Tested extensively at -30°F using a puck shooting machine with shots fired up to 100mph

### Poly Practice Goalie

- Durable shooting practice aid (Goal sold separately)
- 6'4" wide x 4' tall x .500" thick
- One square foot open spaces in four corners of the goal – the most difficult areas for the goal tender to defend against
- Optional five hole

Page  
13

### Attack Triangle

- Designed to challenge players by replicating the positioning of an opponents skates and stick
- Forces players to develop puck movement skills, stickhandling ability and an understanding of passing lanes
- By using instead of ordinary cones at practice, players naturally start working on more creative "moves"
- Provides more interaction than cones during practice on ice
- Comes equipped with mooring pins which virtually eliminate sliding

### Skate Walkers

- These fundamental skate aids keep the skater standing while learning balance on the ice.
- Durable — lasting at least 10 years
- Ad space available for sponsorship (extra cost)
